MOLI-GUARD

- Cleaner application
- Resists dust and abrasive particles
- Withstands water, oils, alkalies and most acids
- Will not wipe off easily—chemically attracted to metal
- Permits immediate use of chain or gear after application
- Will not run off part to which applied, requires less frequent lubrication
- Can be used at higher temperatures and will not carbonize
- Replaces graphite

RECOMMENDED FOR: Foundries; machine shops; automotive plants; vehicle maintenance; sewing trades; paper and corrugated converting; chemical plants; marine, oilfield, and mining operations; etc.

FOR USE ON: Oil drilling equipment, pipe threads, lathe bed and rails, chains and sprockets, road equipment, oil drilling equipment, door locks and hinges, etc. Also may be used as a release agent.
